(1) \$485,000,000 represents the maximum aggregate purchase price payable, excluding accrued and unpaid interest, in respect of the 2025 Notes that may be purchased in the 2025 Tender Offer. \$924,511,297.50 represents the maximum aggregate purchase price payable, excluding accrued and unpaid interest, in respect of the 2028 Notes that may be purchased in the 2028 Tender Offer. \$699,124,985.44 represents the maximum aggregate purchase price payable, excluding accrued and unpaid interest, in respect of the Long Dated Notes that may be purchased in the Long Dated Tender Offers.

(2) Subject to the Maximum Amounts and proration, the principal amount of each series of Notes that is purchased in each tender offer was determined in accordance with the applicable acceptance priority level (in numerical priority order) specified in this column.

(3) Per \$1,000 principal amount of Notes validly tendered prior to or at the Early Tender Date and accepted for purchase.

(4) The Total Consideration for each series of Notes validly tendered prior to or at the Early Tender Date and accepted for purchase is calculated using the applicable Fixed Spread and is inclusive of the applicable Early Tender Payment. The Total Consideration for each series of Notes does not include accrued and unpaid interest, which will be payable in addition to the applicable Total Consideration.

The tender offers are being made upon the terms and subject to conditions previously described in the Offer to Purchase, dated April 7, 2022, as amended and supplemented by the Company's press release on April 20, 2022 (as so amended, the "Offer to Purchase") announcing the upsizing of each Maximum Amount. The Company refers investors to the Offer to Purchase for the complete terms and conditions of the tender offers.

Withdrawal rights for the Notes expired at 5:00 p.m., New York City time, on the Early Tender Date. The tender offers for the Notes will expire at 11:59 p.m., New York City time, on May 4, 2022, or any other date and time to which the Company extends the applicable tender offer, unless earlier terminated. As previously announced, all conditions, including the financing condition, were satisfied or waived by the Company at the Early Tender Date. As previously announced, the Company has elected to exercise its right to make payment for Notes that were validly tendered prior to or at the Early Tender Date and that are accepted for purchase on April 22, 2022 (the "Early Settlement Date").

As previously disclosed in the Offer to Purchase, because the aggregate principal amount of each series of Notes that will be purchased on the Early Settlement Date, together with such amount of any series of Notes with a higher prioritized acceptance level, meets or exceeds the applicable Maximum Amount, the Company does not expect to accept for purchase any Notes tendered after the Early Tender Date on a subsequent settlement date. As described further in the Offer to Purchase, Notes tendered and not accepted for purchase will be promptly credited to the tendering holder's account.

The applicable Total Consideration listed in the table above will be paid per \$1,000 principal amount of each series of Notes validly tendered and accepted for purchase pursuant to the applicable tender offer on the Early Settlement Date. Only holders of Notes who validly tendered and did not validly withdraw their Notes prior to or at the Early Tender Date are eligible to receive the applicable Total Consideration for Notes accepted for purchase. Holders will also receive accrued and unpaid interest on Notes validly tendered and accepted for purchase from the applicable last interest payment date up to, but not including, the Early Settlement Date.

All Notes accepted for purchase will be retired and cancelled and will no longer remain outstanding obligations of the Company.
